## NOTICE TO RESIDENTS

- Please place household waste at the roadside on the scheduled day of collection. This will help deter birds and animals. (Property owners are responsible for picking up any waste that may get scattered along the roadside by birds and animals). **The time of your roadside pick-up could be anytime between 7:00 am to 3:00 pm on your scheduled day.**
- Residents are required to place household waste in garbage bags. **Bags weighing more than 18.14 kg or 40 lbs WILL NOT BE PICKED UP!** Approved removable containers are permitted, providing the household waste is in garbage bags (freezers or permanent containers are not acceptable).

- Residents, who store household waste in private bins or boxes will be required to remove the waste from these bins on the day of collection, put the waste in garbage bags and place them at the side of the nearest Township maintained road or public highway. **Private bins must be located on private property outside of the obvious road allowance.**

## TRANSPORTING WASTE

- Residents are required to secure and cover loads to avoid debris from falling off onto municipal roads and highways.

## NOTICE TO RESIDENTS

**No person shall throw, place or deposit any type of waste on any roadway, highway, bridge or any municipally owned property that is outside of the limits of the Landfill Sites per By-Law 16-517.**

**This includes stove ashes.**

## At The Landfill Site, We Recycle...

### Electronics

Microwaves, all small kitchen appliances, lamps, vacuums, laptops, cell phones, televisions, drills, electronic toys.

### Aluminum

Please help by making sure deposited items are made from aluminum. Aluminum is not magnetic (for example soft drink cans and cat food cans).

### Large Appliances

All appliances are accepted. Please place fridges and freezers in a normal standing position and latching or locking doors must be removed.

### Tires

Tires on rims will not be accepted.

### Batteries

Most types of batteries (not car batteries) are accepted at both landfill sites. Please sort your batteries and place in the appropriate battery bin. Car batteries can be disposed at our annual Household Hazardous Waste Day.

Collection kits for batteries weighing under 5 kg are also available at the municipal office.

### Steel

All types of steel are accepted. This includes clean food cans.

## At the Landfill Site,

### We Divert...

#### Clean Wood

Only brush, unpainted or untreated wood may be deposited in the brush area.

### We Reuse...

#### Come check it out!

Each landfill site has a reuse area where useful items can be deposited or taken home.

### We Reduce...

#### Shredding

Most waste that is not Hazardous, Household, Clean Wood, Reusable or Recyclable may be deposited in the Shredding Pile. (No food or food packaging).

#### Furniture

Fabric-covered furniture and mattresses may be deposited in the Furniture Pile.

**Please see the Landfill Site Attendant prior to depositing material to ensure the proper location.**

**The Provincial Government has instructed existing municipal waste programs to transfer to a Producer Responsibility Model for Tires, Batteries, Electrical Waste and Electronic Equipment, Municipal Hazardous/ Special Waste and Blue Box programs.**

This means that companies that design, create and market products will be responsible for managing and paying for their products and packaging for the full life of the item.

#### What does this mean for the Township of South Algonquin?

- Tire program has transitioned to the new model, residents should bring tires to the landfills, there are no tipping fees associated.
- Battery program has transitioned, residents should collect spent batteries as outlined in the recycling section of this calendar.
- Electronics program has transitioned to the new model, residents should bring electronics to the landfills, there are no tipping fees associated. Under the new model more items are accepted. See recycling section of this calendar.
- Municipal Hazardous and Special Waste Program is set to transition by July 1, 2021. This is the program that handles our annual Household Hazardous Waste Day.
- The future transition to the Producer Responsibility Model is ongoing. If you're interested in learning more about the changes, this website is a good resource, <https://rpra.ca>

Staff continue to engage in this process to ensure that we are able to take advantage of new programs as they become available to us.
