Introduction

The Township of South Algonquin has chosen to use the alternative voting method of Vote by Mail for Municipal elections. Utilizing this method of voting improves elector access, enhances participation and increases the efficiency and accuracy of the count in the election.

Enabling Legislation

Elections will be conducted in accordance with the *Municipal Elections Act*, as amended from time to time. The *Municipal Elections Act* outlines provisions for traditional polling station voting, but allows for Municipal Councils to choose alternate voting methods provided the necessary authorizing by-law is adopted establishing the voting system that will be used and the procedures that will be followed.

It shall be noted that the *Municipal Elections Act* is the governing legislation with respect to the election except where these procedures provide alternate governance with respect to the conduct of the election.

In accordance with the *Municipal Elections Act*, the CAO/Clerk-Treasurer has the authority to conduct the election and provide for any matter that is not otherwise provided for in an Act or regulation, and in the CAO/Clerk-Treasurer's opinion is necessary or desirable for conducting the election. Where a procedure is altered, the CAO/Clerk-Treasurer will make written note of the procedure alteration along with the reasoning behind the variation notifying all Candidates as soon as possible after the change.

Time Line

The time line for the Municipal Election will be in keeping with the established time line as provided in the *Municipal Elections Act*, as may be amended from time to time.

Alternative Voting Procedure - Vote by Mail

The Township of South Algonquin will utilize the services of Canada Post and DataFix to prepare and deliver vote by mail kits to each person who qualifies to vote and who's name appears on the Preliminary List of Electors as of ten (10) days after Nomination Day.
