

Algonquin Fiber Expansion

South Algonquin Fibre Optic Network Expansion in Whitney and Madawaska

Algonquin Fiber is proud to announce that, starting April 2025, will begin to service the Township of South Algonquin within the communities of Whitney and Madawaska.

This collaboration will ensure residents and businesses have access to reliable high speed fibre internet and IP TV as part of an ongoing commitment to improving connectivity and entertainment to all.

Stay tuned for further updates and information in the next coming weeks on when we will be in the area.

Statements

"Algonquin Fiber is very pleased, and excited to work with the great township of South Algonquin to service their community with fibre to the home, high- speed internet. We will be offering multiple, competitive internet packages in addition to our IPTV services, from news, sports to the discovery channel.

The Township of South Algonquin has been an absolute pleasure to work with and we cannot be more excited to build our services in this beautiful community".

- *Matthew Young President of Algonquin Fiber*

"We are excited to bring this vital infrastructure to our community," said Mayor Ethel LaValley. "Access to reliable high-speed internet is critical for economic development, education, healthcare, and overall quality of life. This investment will ensure our residents and businesses stay connected and competitive in the digital world."

- *Ethel LaValley Mayor of South Algonquin*
