JPCOMING CHANGES TO THE RESIDENTIAL BLUE BOX PROGRAM (RECYCLING) – STARTING JANUARY 2026

Beginning January 1, 2026, the Province of Ontario will assume responsibility for the collection of residential Blue Box materials through a standardized, province-wide program. This change will affect the current practices of disposing recyclables in the bins at the landfill sites.

At this time, the Township has not yet been informed of the specific details of how the new program will operate locally. Further updates will be provided once more information becomes available.
