

LOAD RESTRICTIONS

In accordance with the provisions of By-law No. 15-481, half load restrictions will be in effect across the Township of South Algonquin as of March 4th, 2026. Reduced load restriction signs will be erected in the appropriate locations.

During this period, vehicles are limited to 5 tonnes per axle to help protect local roads during the spring thaw. These seasonal restrictions will remain in place for a period of time that depends on road and weather conditions, and they will be lifted as soon as surfaces are stable enough to safely accommodate heavier loads.

We appreciate everyone's cooperation during this time.
